

Government Services

Specialized solutions for Government, DoD, Military & Federal Agencies

Mission Critical Collaboration for Secure Environments

Overview

Whitlock is video collaboration company that provides strategy, management, technologies and support to national and global organizations. We have specialists focused on government solutions that understand the procedures, protocols and security issues required for successful engagements. Our primary solutions include:

- Emergency and Network Operations Centers
- Briefing Facilities
- Information Response Centers
- Secure Videoconferencing and TelePresence Environments
- Briefing Rooms
- Knowledge Walls / Visualization Rooms
- Advanced Collaboration Studios
- Video Streaming and Digital Signage Solutions

Key Strengths

Whitlock understands the importance of the projects we deliver to the government sector. Beyond our technical expertise and standards, we offer:

- Established Processes: Project Management, Systems Design, Quality Assurance
- Local / National / Global Resources
- Procurement Strength with Leading Technology Manufacturers
- Solid Financial Position with Significant Borrowing & Bonding Capacity
- Outstanding Safety Record
