Arent Fox

Washington, DC

# Our Solutions in Action

*Arent Fox*

Arent Fox is one of the best known general practice law firms in the U.S., with offices in DC, New York, Los Angeles and San Francisco. This firm is all about innovation – internally as well as for its clients. Arent Fox attorneys are internationally recognized for the company’s core practice areas “where business and government intersect.”

Their strategic focus on smart business practices, as well as protecting and guiding corporate growth, is reflected throughout the Arent Fox operations, employees and infrastructure. At its modern headquarters in downtown DC, the firm embeds the latest in video technologies for streamlining communications and collaboration.

The Whitlock team assisted with all audio and video solutions from the auditorium to the cafeteria to videoconferencing rooms and an impressive multipurpose space. Whitlock also provides ongoing services and support to the Arent Fox IT team at all locations.

### Auditorium

At the heart of the Arent Fox headquarters is a state-of-the-art auditorium that enables staff meetings, training, streaming and meetings with customers. This space is also open for use by the firm's customers who can take advantage of the benefits of a high-end interactive space.

## Multipurpose Room

Whitlock helped Arent Fox design and implement a high tech, modular meeting space to share internal communications, host events, offer CLE to the attorneys and host training on best practices for its customers.

### Videoconferencing Rooms

Across the facility, Arent Fox has added multiple videoconferencing rooms to enable small to mid-size meetings in a secure, HD environment. All collaboration systems are run by Crestron customized controls, and are easy to launch from any location.

Cafeteria

Whitlock helped Arent Fox upgrade its cafeteria with multiple video panels to share important company information, or to catch up on the latest news. The firm has maximized its use of technology across the facility to help people collaborate, or keep them informed.
